Urgent & Critical Needs

Church planting is the driving force in the General Council of the Assemblies of God, Zimbabwe. Many of our churches are meeting in schools. We appreciate each school that has opened their doors for a church to meet in, but many of these schools have 8 - 10 churches meeting on their campuses at the same time on Sundays, creating confusion.

Our goal in this effort is to **purchase property** where we can **raise tabernacles** and help each church move to their own location. Unfortunately, land prices are rather high and unpredictable. The average piece of land costs about \$15,000, with some city plots going for more than \$25,000.

You can help by investing in Zimbabwe through two projects:

1. **Project #15074** - Zimbabwe Land Purchases (we need **\$60,000** quickly to secure up to 4 plots of land).
2. **Project #15075** - Zimbabwe Tabernacles/Buildings (we need **\$35,000** to manufacture and erect 5 tabernacles).

Please send your investment to:

AGWM
1445 N. Boonville Avenue
Springfield, MO 65802

Designate it: Larry Allen, Zimbabwe; Project #15074 or 15075 (whichever you are contributing to).

Thank you for prayerfully considering making these purchases possible.

Praying over church plot - Masvingo

Please pray for...

1. Peace and non-violence during the upcoming presidential elections on July 31. There is tension in the air.
2. Our pastors in Zimbabwe. Many face poverty, hunger and other hardships daily. Pray for them to be encouraged, faithful and effective.
3. Evangel Bible College students who need school fees in order to continue their training, to find the necessary money.
4. Our missionary associate couple, Mike & Deb Wilson, as they settle in and help advance the cause of Christ in Zimbabwe for the next year.
5. Traveling safety as we make a trip to South Africa next week to pick up supplies for EBC and our new Global University-Zimbabwe offices, and have medical checkups.

Thank you for your investment in Zimbabwe through us. Together we are seeing lives transformed for Christ, one at a time. It's God's time for Zimbabwe... Let's work together to fulfill HIS vision!

Larry & Rhonda
